

SUKUMAR SIVASUBRAMANIYAM

Software Engineer

Erode, TamilNadu • 8072126118 • sukumarsivasubramaniyam@gmail.com • <https://sukumarsivasubramaniyam.onrender.com/>

SUMMARY

Experienced software developer and Java full-stack developer with 2 years of industry experience. Proficient in developing scalable and robust applications across the entire software development lifecycle. Skilled in frontend and backend technologies, including Java, Spring Boot, JavaScript, and React. Strong problem-solving abilities with a keen eye for detail.

WORK EXPERIENCE

ASM Technologies

Jul 2022 -Apr 2024

- **Data Visualization Tool**

Proficient in connecting Bhuma with SQL and Presto DB endpoints, facilitating efficient data extraction and integration.

Skilled in utilizing Bhuma's diverse chart options to craft visually engaging representations of data insights.

Experienced in tailoring Bhuma's visualizations to match specific project requirements and user preferences for enhanced usability.

- **Data Integration Specialist (Java Spring Boot)**

Proficient in Java Spring Boot backend development, with a focus on seamlessly integrating React frontend interfaces.

Responsible for efficiently fetching and storing data between React frontend and respective databases, ensuring smooth data flow and synchronization.

- **Excel Automation Developer (VB.NET)**

Developed a user-friendly VBForm interface for creating and managing user data within an Excel automation project.

Implemented intuitive controls and input fields to facilitate seamless data entry and manipulation by end-users.

- **User Authentication Form Implementation (React JS)**

Designed and developed a user authentication form in React to facilitate user login and logout functionalities.

Utilized React components and state management techniques to create an interactive and intuitive user interface for authentication.

RECENT EDUCATION

Bachelor of Engineering (Computer Science)

Jun 2018 - May 2022

JKKN College of Engineering and Technology
CGPA - 8.1

SKILLS

Programming Languages : Java (Expert), JavaScript (Proficient), HTML5 (Advanced), CSS3 (Advanced), SQL (Advanced)

Frameworks/Libraries: Spring Boot (Expert), Spring Security (Intermediate), React (Intermediate), Hibernate (Advanced), Node.js (Intermediate)

Development Tools: Git (Intermediate), Maven (Advanced) Docker (Basic), AWS (EC2,S3)

Databases: MySQL (Advanced), PostgreSQL (Proficient), MongoDB (Proficient)

MY WORKS

- **Free Rental home site**

Technology Used : React JS, Spring Boot, Mongo DB

Description:

The "Free Rental House Platform" streamlines rental searches with React, Spring Boot, and MongoDB. Users filter properties and owners upload details, fostering a seamless experience for both renters and owners, enhancing rental market accessibility.
